

UNITED WAY OF CENTRAL OHIO POVERTY FIGHTING INVESTMENTS

United Way's Community Impact Fund combines tried-and-true investments with modern ways of getting things done. We continue to fund programs at local agencies that help people in crisis overcome barriers to escape poverty. The **Community Impact Fund** makes additional investments in programs and organizations that fill gaps in services and/or help other organizations work together or work more efficiently—like “start-ups” and “capacity building” for the nonprofit world! These all address strategic, vital needs here in central Ohio.

More importantly, United Way closely tracks outcomes and convenes its funded partners to continuously improve impact. When you give to the **Community Impact Fund** to fight poverty, you know that your dollars are doing just that!

Here are the local partners providing poverty-fighting services that United Way is investing in for 2017-2018:
