OUR VISION

The South Side is a vibrant community, with rich diversity and a strong history. The South Side Neighborhood Leadership Academy will equip participants with the relationships, knowledge, skills, and abilities to help the South Side continue to thrive. Upon completion of the program, graduates will use what they have learned to achieve transformative change in South Side communities. We seek participants who aspire toward a safe, opportunity-rich South Side that maximizes diversity, builds relationships, secures and advances current residents, all while maintaining the unique fabric of the community.

PROGRAM SUMMARY

The South Side Neighborhood Leadership Academy (NLA) is an expansion of the greater Columbus Neighborhood Leadership Academy initially launched by United Way of Central Ohio in 2012. The program is inspired by aspirations of building a diverse, opportunity-rich South Side community that bridges social spheres for a vital and inclusive community.

With an emphasis on Columbus' South Side, this unique leadership program is designed to equip residents with the knowledge and tools to become agents of change. Participants will aspire to make a positive impact in their neighborhoods by building upon existing assets of their community.

Learning opportunities will be designed such that participants benefit from a good balance of traditional, classroom-based learning with highly-engaging experiential learning opportunities including community tours and field trips.
