**Funding Opportunity:** The Franklin County Board of Commissioners is providing funding to support local, community-based organizations in getting out the 2020 Census count in Columbus and Franklin County. The Commissioner's goal is to ensure every resident in Franklin County is counted, **especially individuals from traditionally hard-to-count (HTC) communities**. This funding will be distributed to local community-based organizations in Franklin County through a mini-grant process for the purpose of reaching traditionally HTC communities. Each local organization will receive a grant to implement Census activities that educate and organize their HTC communities around the Census.

**Background:** Every ten years the federal government is required by the U.S. Constitution to conduct a headcount of every person (not just citizens) living in the country. In March 2019 Franklin County Commissioner Kevin L. Boyce and Mayor Andrew J. Ginther jointly founded *Columbus Counts*, our community's Complete Count Committee to ensure an accurate 2020 Census count. A diverse group of community, business, non-profit, and government leaders work on Columbus Counts to promote the 2020 Census, its importance to our community, and motivate residents to self-respond to the census.
