

SHOW UP UNITED FOR CENTRAL OHIO.

The pandemic revealed what's possible when our community rallies together to help families in need. In the past year, thanks to our donors:

These critical services, delivered by nonprofit partners, are vital to the well-being of thousands of residents and to our community.

Our donors help keep central Ohio's safety net strong:

311,149 individuals served through 81 nonprofit partners

285,191 people received assistance for basic needs

6.6+ million meals provided

12,711 kids connected to educational opportunities

\$3+ million in COVID relief distributed to keep nonprofits open, staffed and serving families

38 nonprofits able to retain 783 staff in 2020

92 nonprofits, including 39 new partners, selected to receive funding in 2021-2022

THE NEED AND UNCERTAINTY CONTINUES

While COVID-19 has affected all of us, the impact of the crisis has been especially hard on central Ohio's children, older adults, people of color and low-income families.

These individuals make up many of the approximately 211,000 households – or 41% of all households – in Franklin County who were struggling to meet basic needs even before the pandemic.

In 2021 in Franklin County:

Since March 2021, **35% of the nearly 153,000 families who visited a food pantry did so for the first time.**

An hourly wage of \$19.83 is needed to rent a modest two-bedroom apartment, up 24% in just 5 years.

The individuals impacted hardest by this crisis will have the longest, most difficult road to recovery:

1 in 6 Ohio renters are facing eviction.

85% of U.S. parents spend 10% or more of household income on child care in 2021 – up from 72% in 2020.

As federal and state funding ends, our nonprofit network will require sustained support to continue meeting the need.

Our nonprofit survey revealed:

One year after COVID hit, **75% of health and human services programs are still operating at limited capacity.**

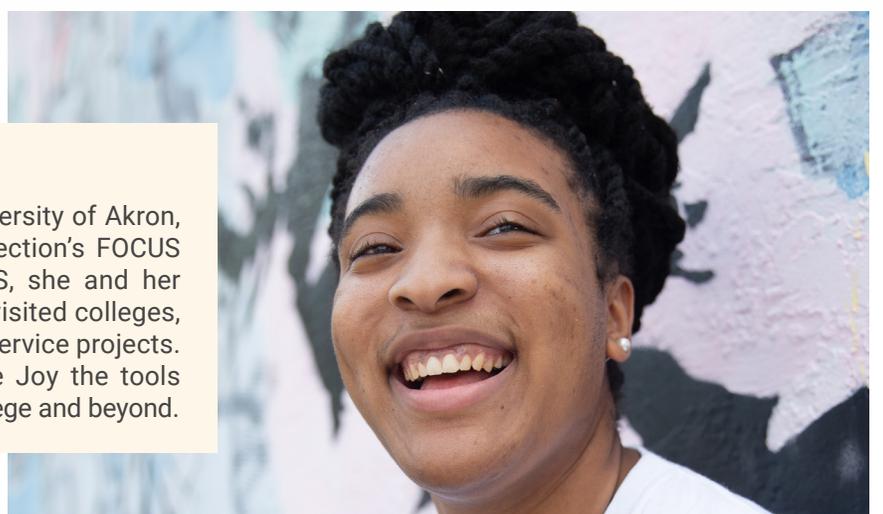

Participating nonprofits have collectively **lost \$72.4 million in revenue.**
