TOGETHER WE CAN:

Meet the needs of families in our community.

Too many hardworking families are having to make difficult choices, such as deciding between quality child care or paying the rent, filling a prescription or buying healthy food.

We offer hope and help where it's needed most by investing in nonprofits that provide equitable access to food, shelter and assistance.

Help children learn.

Research indicates that children growing up in poverty are 18 months behind, on average, in academic achievement than their peers.

We invest in quality, out-of-school enrichment opportunities, supportive mentors and access to resources that help ensure children are ready for school, stay on track and graduate on time prepared for a career or college.

Build a stronger, more equitable central Ohio.

Our community will not be vibrant or thriving until we address structural racism and systemic barriers, and commit to transformative change.

When you join United Way of Central Ohio, you join thousands of other donors, advocates and volunteers, coming together to make life better for our neighbors.

Give to the Community Response Fund.

Together we can build a stronger, more equitable central Ohio.
